PROFILE

I am dedicated to improving my programming, problem-solving, and analytical skills. I always try to be updated with modern technologies and enjoy collaborating in a team environment.

PROJECTS

MARKETPLACE WEBSITE
PHP, MySQL, JavaScript, jQuery, Bootstrap, etc.

- Developed a large-scale, multi-vendor e-commerce platform supporting multiple sellers, product management, order processing & reports, payment integration, courier API integration, etc. Created admin dashboard for full control over vendors, products, orders, payments & seller dashboard to manage own sales, products, etc.
- Live Preview: **https://wholesellermarket.com/**

E-COMMERCE
PHP, MySQL, JavaScript, jQuery, Bootstrap, HTML & CSS

- Developed a fully functional e-commerce website with product management, order processing, customer management, coupon, wishlist, shopping cart, discounts, payments, etc. Implemented secure admin dashboard and user-friendly interface for customers.
- Live Preview: **https://php.easytechx.com**

CRM SOFTWARE
PHP, MySQL, JavaScript, HTML & CSS

- This CRM software helps manage leads, projects, accounts, and customer interactions.
- Users can log in to track activities, while admins can manage leads, update project statuses, and organize client accounts efficiently.
